

I personally enjoy K-Love in my area. Their programming is by far the most "family-friendly" music on the FM dial. Too often, other stations, from rock to contemporary to country... they are inappropriate for children and for family in general. I also appreciate the fact that it's Christian. There is just not enough Christian programming, and K-Love is one of the best. I believe

they serve the community well, I know many who listen to it in my community. It also helps the youth to be influenced by positive music rather than music that is depressing, violent, and sexual in nature. Most especially in that respect, K-Love is vitally used to help raise up healthy children and teens. If K-Love were somehow displaced by a LPFM Broadcaster, I can confidently say that my community would be impacted, especially the youth. They are gonna list to music, no matter what, and if a good alternative is no longer available for them to listen to, they will turn to other music that may contain foul language, that may influence them in a poor fashion, that may encourage them to see sexual promiscuity and violence as the norm. Please keep K-Love on the air in my community. Thank you.
